

TYLER MASTRANGELO

Elon, NC | mastrangelo.tyler@gmail.com | (239) 293-8511 | tymastrangelo.com

EDUCATION

Elon University | Elon, NC

Expected May 2028

B.A. in Computer Science | B.S. in Cybersecurity

Dean's List | Presidential Scholar | Elon Innovation Grant Recipient

TECHNICAL EXPERIENCE

Contract Software Engineer | Firestone Roofing and Restoration, *Remote*

May 2026 – Jul 2026

- Shipped production features in a 45,000+ line React, FastAPI, and Supabase CRM, collaborating directly with the founder through pull requests and iterative code reviews
- Built end-to-end workflows for Stripe payments, job scheduling, and Twilio and SendGrid communications across API design, database logic, and deployed UI
- Converted ambiguous business requirements into scoped, tested releases on a fast-moving startup timeline

Founder & Lead Developer | Quad, *Elon, NC*

Aug 2025 – Present

- Built a student-focused campus events platform using React Native, Expo, Supabase, and PostgreSQL; secured App Store approval
- Designed role-based access controls and PostgreSQL data models supporting organizations, events, RSVPs, push notifications, and engagement analytics
- Working with Elon Student Involvement toward campus-wide organization onboarding and exploring a university partnership to create CS internship opportunities supporting the platform
- Secured a \$2,500 Elon Innovation Grant to fund product development and launch

Co-Founder & Operations Lead | Buffer Bros Mobile Detailing, *Marco Island, FL*

Jun 2024 – Present

- Built a TypeScript, Next.js, and PostgreSQL CRM that manages jobs, clients, vehicles, quotes, expenses, and business performance dashboards
- Designed and optimized the PostgreSQL schema and query layer with security best practices for a live, revenue-generating system
- Automated quoting, scheduling, and bookkeeping workflows with serverless functions and third-party APIs, reducing administrative overhead by 70%
- Grew the business to serve 100+ clients while owning pricing strategy, operations, and customer acquisition

LEADERSHIP & ADDITIONAL EXPERIENCE

Teaching Assistant, CS1 | Elon University (*Feb 2026 – Present*) Support 30+ students with Python, debugging, and foundational programming concepts; work with instructors to close curriculum gaps.

Consultant | Maker Hub, Elon University (*Oct 2024 – Present*) Train students on 3D printers, laser cutters, and fabrication tools; lead orientations and maintain open-hours operations.

Content Creator | TikTok / Instagram (*Nov 2024 – Present*) Generated 2M+ organic views through 250+ consecutive days of publishing and secured partnerships with Brainly, Hulu, Old Spice, and Blackbox AI.

VP Communications | Elon Student Government Association (*Apr 2026 – Present*) Lead communications across campus channels for legislation, events, and student advocacy.
