Education

Elon University

Major: Computer Science; Minors: Cybersecurity, Psychology
Dean's List | Presidential Scholar | Elon Innovation Grant

Elon, NC
May 2028

Experience

QUAD | Founder, Lead Developer | Elon, NC

August 2025 - Current

- Built and shipped React Native campus events app to 100+ beta users on AWS (Lambda, DynamoDB) with role-based auth, push notifications, and RSVP tracking
- Led beta testing with 50+ students, iterating on structured feedback to improve event discovery and engagement features
- Poised to launch to 7,000+ students at Elon in Fall 2026 with parallel pilots at Queens and Williams

Buffer Bros Mobile Detailing | Founder & Operations Lead | Marco Island, FL

June 2024 - Current

- Built production SaaS CRM in Next.js/AWS serving 100+ active clients with automated quote generation, pricing calculators, SMS workflows, and integrated payment processing
- Designed PostgreSQL schema with row-level security and serverless functions, reducing operational overhead 70% through end-to-end workflow automation

Maker Hub | Consultant | Elon, NC

October 2024 - Current

- Train students on 3D printers, laser cutters, saws, and fabrication tools
- Lead orientations and maintain operational workflows during open hours

CS1 | Teaching Assistant | Elon, NC

February 2025 - Current

- Support 30+ students in debugging Python and core programming concepts
- Collaborate with instructor to identify curriculum gaps and improve learning outcomes

Leadership & Activities

TikTok & Instagram | Content Creator | Remote

November 2024 - Present

- Posted content generating 3M+ organic views through 250+ consecutive days posting across platforms
- Produced sponsored content for brands including Brainly, Hulu, Blackbox AI, Gauth, and CapCut with consistent delivery and engagement

Student Government Association | VP Communications | Elon, NC

August 2024 - Present

- Elected VP Communications after collaborating with prior VP throughout 2025-2026 term to manage Instagram, promote SGA initiatives, and increase student engagement
- Lead digital communications strategy to amplify awareness of legislation, campus events, and student advocacy efforts across social media platforms
